25X1

2. [] Talked to J. Garner Cline, Counsel, House Immigration and Naturalization Committee, about the Rodino bill. He said it went through the full Committee with no problems and he expects to have the report out within a few days. He anticipates that it will be on the Consent Calendar of 6 November. I inquired as to whether we should say anything to the official Republican objectors, Representatives Durward Hall and H. R. Gross. Cline suggested that we get in touch with Representative Gerald Ford first and seek his guidance. He said there would be no problem from the Democratic side of the House and we would have to rely on Ford's judgment with regard to the Republicans.

I also talked to Cline about his forthcoming trip with Congressmen Feighan, Rodino, and Moore. Cline said he was certain they would not wish any contact with out people in Europe or Africa, but that they may be going to Latin America in which case he felt certain Rodino at least would like an area briefing [] I obtained their itinerary and shall prepare an appropriate cable.
